DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claim 6 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The phrase "the opposing side of said first turn-ditch" does not disclosed in the specification.

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 6 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Election/Restrictions

Applicant's election with traverse of Group I in the reply filed on April 18, 2005 is acknowledged. The traversal is on the ground(s) that there is no independent and/or distinctness

Art Unit: 3747

of the invention. This is not found persuasive because two claim set are independent and distinct because claim 5 does not require a specific spray pattern as claimed in claim 11.

The requirement is still deemed proper and is therefore made FINAL.

This application contains claims 10-14 and 21 drawn to an invention nonelected with traverse in Paper No. April 18, 2005. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144). See MPEP § 821.01.

Allowable Subject Matter

Claims 5 and 7-9 are allowed.
